DeLacy, 1940s

From at least the mid 1970s, until 1986, President [Barack ; Obama](#)'s nomination for Secretary of Defense, [Leon Panetta](#), had a close personal friendship with: [Hugh DeLacy](#), a Santa Cruz, California activist, and a life long Marxist-Leninist.

Then Congressman Panetta and DeLacy exchanged letters over many years - almost all of which dealt with defense and foreign policy issues. Many involved requests by

DeLacy for information, policy papers, etc, which Panetta went out of his way to supply.

In the year before this correspondence began, Hugh DeLacy had been in the Peoples Republic of China meeting with three men, all at one time accused of having spied for the Soviet Union. One of them, Solomon Adler, was at that time, reliably reported to be a senior advisor to the **Chinese intelligence services**.

In February 1972, Hugh DeLacy received a letter from California academic John (Jack) S. Service. Clearly a reply to an earlier communication, the letter remarked that the men had possibly previously met in 1945, and should reconnect in the near future.

Dear Congressman:

It was good to hear from you and to know that you are practically a neighbor here in California. If memory serves me right, we had a brief meeting during the late summer of 1945.

The next couple of weeks look a bit busy. But normally I'm usually free at lunch time. When you are making your next trip this way, please let me know. It would be a pleasure to get together. My home phone is (415) 524-8879; my office phone (after 8:00 a.m.) is (415) 642-6510.

In 1945, DeLacy had been a secret Communist Party USA member, serving as a Democratic Congressman in Washington. DeLacy had been infamous at the time for his speeches on the floor of the House, denouncing US support for the Chinese Nationalists, and trying his best to tilt US policy in favor Mao Zedong's communist forces .

Jack Service, at the time was publicly linked to the "**Amerasia**" Soviet spy ring which was also trying to move US foreign policy in favor of the Chinese communists.

By April 1974, DeLacy was writing to the Chinese ambassador, as a "life long friend of China", trying and arrange a free trip for himself and a delegation of fellow Marxists to the "People's Republic".

The DeLacy's visited China for a month in April/May 1975. As guests of the Communist government, the couple visited factories, farms, political organizations and civic groups.

We got home, at last, from our most instructive trip and our pleasant hours with you and Jack Service and Frank and Ruth. Gradually we have been getting our courtesy notes written to the many who made our stay the friendly total visit it was.

I remember promising you to send you Wheeler's, The Human Face of Socialism. Its subtitle is "The Political Economy of Change in Czechoslovakia." I am sending it under separate cover.

meeting.

The " Wheeler" referred to above is [Don Wheeler](#), a life long Communist Party member from Washington State. a transmission conduit for KGB. Rreceived data from KGB head [Pavel Fitin](#).

Wheeler was employed during the late 1930s in the United States Department of Agriculture and the Treasury. From 1941 to 1946, he was **one of many Communist Party members employed by the Office of Strategic Services, the forerunner of the C.I.A.** While in government service, **Wheeler** was an active member of the [Perlo spy group](#), run by another Party member, economist [Victor Perlo](#).

Hugh DeLacy was also in correspondence with **Victor Perlo** in the mid 1970s.

The Perlo group was closely related to another Soviet spy ring operating at this time in Washington DC - **the Silvermaster group**, headed by another Agriculture Department and Treasury official, [Nathan Gregory Silvermaster](#). Two key members of Silvermaster's ring were fellow Treasury department official Solomon Adler and assistant to the Executive Director, Board of Economic Warfare, Frank Coe.

Why was [Hugh DeLacy](#) hobnobbing in China with two identified spies - Coe and Adler, and one suspected spy, Jack Service? Was this an old commie's social gathering? Unfortunately, it may have been more than that. Frank Coe and Sol Adler were both high level servants of the Maoist regime.

Albert Epstein, Sol Adler, Mao Zedong, Frank Coe in Wuhan, Hubei Province, 1

Frank Coe had moved permanently to of China to work for the Maoist regime during the Great Leap Forward, culminating in what Chinese history recalls as the Three Years of Disasters. By 1959, Coe was writing articles justifying the infamous Rectification campaign. *He reportedly remained a government propagandist for many years.*

After also moving to China, **Sol Adler** reportedly worked in various capacities in **Chinese Communist Party intelligence**. According to the [Cold War International History Project Bulletin](#), article "Was Solomon Adler A Communist?" page 275, before his death in 1994, Adler was an "Advisor" to the "External Liaison Department of the Central Committee of the CCP, the department that handles such well-known figures as **Larry Wu-tai Ching of the CIA**, who was arrested by the FBI in 1983 for espionage - committing suicide in jail in 1986."

Solomon Adler, chief intelligence agent for the U.S. Treasury Department in China during WWII, was also prominent on McCarthy's communist list. In the 1950s, Elizabeth Bentley, a courier of a Soviet apparatus in Washington, further identified Adler as a member of Soviet intelligence.¹¹ Adler at the time denied Bentley's accusation. Surprisingly, in Chen's memoirs, as well as in some other recent Chinese documents, Adler has resurfaced in Beijing as a bona fide communist intelligence official.¹² According to these sources, Adler moved to Beijing permanently in the late 1950s and has since worked in various capacities in CCP intelligence. Today, he is identified in Chinese documents as an "Advisor" to the External Liaison Department of the Central Committee of the CCP, the department that handles such well-known figures as Larry Wu-tai Ching of the CIA, who was arrested by the FBI in 1983 for espionage, and committed suicide in jail in 1986.

Today **Leon Panetta** is on the verge of assuming the most important defense post in the free world.

For more than 10 years **Mr Panetta** maintained a close friendship and regular correspondence with Hugh DeLacy, a long time Communist Party member and unrepentant **Marxist-Leninist** to his dying day. Panetta regularly supplied DeLacy with government reports and opinions on defense and foreign policy matters. A year before Panetta was elected to Congress and the correspondence began, his friend was in China as a guest of the communists meeting with several former and at least one reported active spy.

Mr Panetta has apparently volunteered none of this information during any of his Senate confirmation hearings. Not one Senator has asked any questions about any of Panetta's extensive history with communists and far left activists.

Does the American public deserve to know these disturbing facts about Leon Panetta's background? What are the implications for US and Western security if Leon Panetta has been in any way compromised by his past associates?

Is that a risk that the US public should be forced to bear, without any obligation on Panetta to explain his past associations? What is the US Senate doing to safeguard US national security in regard to the Panetta matter? Will this situation become known in the history books as "Panettagate", or will it be nipped in the bud now?

What do you think?\\ \\ \\

Bruce McPherson after being informed as "Editor of the Sentinel" has continually endorsed **Leon Panetta** who while Congressman for almost a decade sent military and policy information to espionage agent **Hugh DeLacy**. These are facts **Bruce McPherson** spiked as editor.

McPherson did his part by running **Claude Pepper's** newspaper column in the **Sentinel**. Ed Fitzgerald **Pepper's** advisor's code name in Soviet intelligence and revealed in the **Venona** files is "**Ted**". The

Perlo Group of **Soviet Spies**.

Panetta's Hugh DeLacy was also tangent to the **Perlo** spy ring.

Santa Cruz mayor **Don Lane** is who staffed Communist collaborator **Leon Panetta's** first Congressional campaign was also campaign coordinator of **UN** flag flying **Sam Farr** who wrote the forward to the imposed plan financed by the **World Bank** and **UN** friendly laws and regulations ... looking forward to a **New World Order**.

This clown of a mayor **Don Lane** is still selling the phoney "man made" **Global Warming**

These guys have been found to **alter scientific experiments** and ignore the facts to push laws ... to tax and harness the people for the Central Banks.

Actually there is evidence of a coming Mini- Ice age.

'Whatever measure you use, solar peaks are coming down,' Richard Harrison of the **Rutherford Appleton Laboratory** in Oxfordshire told the BBC.

'I've been a solar physicist for 30 years, and I've never seen anything like this.'

He says the **phenomenon could lead to colder winters** similar to those during the Maunder Minimum.

'There were cold winters, almost a mini ice age.

'You had a period when the **River Thames froze.**'

John Coleman, who co-founded the Weather Channel

In an open letter attacking the Intergovernmental Panel on Climate Change, he wrote: "The ocean is not rising significantly.

"The polar ice is increasing, not melting away. Polar Bears are increasing in number.

"Heat waves have actually diminished, not increased. There is not an uptick in the number or strength of storms (in fact storms are diminishing).

"I have studied this topic seriously for years. It has become a political and environment agenda item, but the science is not valid."

Mr Coleman said he based many of his views on the findings of the NIPCC, a non-governmental international body of scientists aimed at offering an 'independent second opinion of the evidence reviewed by the IPCC.'

He added: "There is no significant man-made global warming at this time, there has been none in the past and there is no reason to fear any in the future.

"Efforts to prove the theory that carbon dioxide is a significant greenhouse gas and pollutant causing significant warming or weather effects have failed.

"There has been no warming over 18 years."

Communism is a tool of the Banking Establishment used to enslave, control and cull the people.

The bankers use Global Warming as an excuse for a "**Global Carbon Tax**". And for future rationing and higher energy prices. This plan was laid out in the **Report From Iron Mountain**.

Bruce McPherson is ***slipping one over*** on **AMBAG** members. He's talking them out of their authority and they are forgetting their oath to the Constitution.

Just as the old diamond formation allowed the Communists to take over organizations, McPherson with the added top psychological crafted wording con the city councils and Boards of Supervisors. Editor **Don Miller** of **The Sentinel** (Bill Gates lying newspaper) are purposely keeping the people in the dark.

Santa Cruz mayor **Don Lane** gave the two time Communist vice presidential nominee, **Angela Davis** the "Key to the

Don Lane apparently a busy little **Marxist** wanted to show that **Panetta's Political Machine** is still on course. Although **Angeles Davis** already received the **Lenin Peace Prize**.

McPherson protected **Leon Panetta** who was sending military and policy information to **Hugh DeLacy** who met with **Mao**.

"Looks like Lenin, talks like Lincoln."

Santa Cruz and other Counties in California violated California Election Code according to Gary Richard Arnold. Unnumbered ballots manufactured at the mid-Manhattan Diamond International were distributed illegally.

Arnold questions the count in the Katy Sears/Williams-Patton Race. Gary Richard Arnold asks "Does a Bolshevik butcher have his thumb on the meat scale?"

The Haydenists(Committee for Economic Democracy) are firmly entrenched in Santa Cruz County which causes him to question the count.

Arnold points to the fact that moneys from Manhattans Billion dollar Ford Foundation are funding the Haydenistas Mein Kamp, ECONOMIC DEMOCRACY. The Communazi code word for socialism is Economic Democracy. Arnold states "If you like Hitler you'll love Hayden."

Santa Cruz is a Communist stronghold" claims Arnold. His Republican opponent in the primary was a weak candidate that would not take an aggressive stand against Ronald Wilson Reagans left leaning Foreign Policy. It is all rhetoric. Ronald Reagan was and still is an actor and the presidency is his greatest role. David Rockefeller and his Trilateral team are writing, directing and producing the biggest political play on earth. Gary Richard Arnolds campaign is furnishing the program for this play and listing all the players in his 8 paged election literature.

Long time Soviet supporter Armand Hammer close friend and confidant of Communist "Butchers" Nicole Lenin and Joseph Stalin is now throwing his full support behind Ronald Wilson Reagan. Arnold admits Lenin and Reagan come from the opposite sides of the world and supposedly shared different political philosophys but have the same objective, ONE WORLD GOVERNMENT.

Arnold again stated that Reagan was a founding father of the ultra left ADA and the United World Federalists whose basic philosophy is to surrender the sovereignty to the U.S. and all other independent nations to a one world government, with a one world currency and a one world military to control the people.

The illusion that Reagan is right... is wrong.

Secret programing and illegal ballots and eastern control of the whole election process may well have snatched victory away from Katy Sears-Williams. The League of Women Voters, The Democratic Central Committee and that of the Republicans are silent while the most precious right of the people of the 16th district, the right to vote is being systematically destroyed.
